

Independence Hall CSS Client Notifications

The referring agency contact person acknowledges by entering his/her initials in the textbox below that the referred client has been notified of the following:

1. The program requires a 14-28 day commitment.
2. If the Client requires cigarettes, the Client needs to bring a 2-week supply and/or have someone who can bring a replenishing supply every two weeks.
3. If the Client needs personal belongings, the Client must designate someone who is able to drop off items every two weeks. Independence Hall does have a limited supply of clothing and toiletries.
4. If the Client feels they need anything, they will go through their counselor and will respect the counselor's guidance regarding the request.
5. The Client is required to have their medication list on their person when they arrive at Independence Hall to check into the program.
6. The Client is expected to have a 30-day supply of all medications they are currently taking including refills, upon check-in.
7. If the Client is on methadone, they cannot enter the CSS program without a last-dose letter and approval from their home clinic to receive methadone from Spectrum.
8. No cell phone access is permitted while the Client is in treatment. Up to three personal calls per week are allowed with clinical supervision.
